3. QUESTIONS

Mrs. Ellen Li Shu-pui, pursuant to notice, will ask the following  
questions :-

(1) Can Government inform this Council as regards the number  
of participants, the adequacy of facilities, the availability  
of leadership and the amount of subsidy involved in the  
programme mounted during the summer, whereby most of  
the youth organizations, welfare agencies and schools had  
greatly accelerated their activities for young people, many  
through the instigation and subsidy from the Social Welfare  
Dept., the Education Dept. and the Secretariat for Chinese  
Affairs?

(2) Can Government say whether the same accelerated  
programme is being contemplated for the next summer  
with the view to making it a permanent feature of  
activities for our young people during the long summer  
months?

(3) In view of the fact that many students find the summer  
vacation rather boring, especially those living in cramped  
conditions, will Government consider the possibility of  
keeping the Government schools open, say for 2 hours  
each morning, during the summer holidays, for the use of  
their students for sports, recreations and tutorial classes  
to be run and managed by their students for their younger  
schoolmates as a programme for practical training in  
leadership, sportsmanship and good citizenship?
