	Certified Correct. K.L. THONG Director of Medical & Health Services 22ND MAY, 1978
	Report on the Samaritan Fund - 1.4.77 to 31.3.78

Although the Samaritan Fund is administered by the Medical and Health Department, it depends entirely on voluntary donations for financial support. The main purpose of this fund is to provide short-term relief for needy patients and their families when assistance cannot be readily obtained from other sources. After thorough investigations by our Medical Social Workers, financial assistance is given to suitable patients/families who are facing difficulties because of illness, injury, child-birth, death and/or other medical, social situations.

Donations received during the financial year amount to a total of \$151,525.00, due to the generosity of the Hong Kong Jockey Club (Charities) Ltd., the Li Po Chun Charitable Trust Fund, the Sir Robert Ho Tung Charitable Fund, Messrs. Li Shiu-tsang & Li Shiu-kwan (sons of the late Mr. Li Po Chun) and the Hong Kong Christian Service. This amount has enabled us to assist a total of 6,218 patients in addition to 18 wheelchairs provided through the Sir Robert Ho Tung Charitable Fund. The accumulated savings of \$90,000 from previous years have been placed on fixed deposits as a reserve against future contingencies.

K.L. THONG  
Director of Medical & Health Services
