SECOND EXHIBITION SHOWING MAPS AND PLANS OF HONG KONG

To Be Held From May 23 to May 28

A second exhibition showing a wide range of maps and plans of Hong Kong now available to the public at little cost will be held later this month at the main concourse, Ocean Terminal, Kowloon.

The first one took place in February last year at the City Hall and has proved popular. Both exhibitions are organised by the Crown Lands & Survey Office of the Public Works Department.

The Hon. Szeto Wai will officially open the second exhibition on May 22 at 5 p.m. The exhibition will be opened to the public from May 23 to May 28 between 10 a.m. and 7 p.m. each day.

Admission will be free, and pamphlets giving details about the exhibits will be distributed free at the exhibition hall.

Some of the maps on display have only been first published recently, in dual language - English and Chinese - a spokesman of the Crown Lands & Survey Office said.

"These maps are very attractive and have been proved extremely popular. A selection of early maps owned by the University of Hong Kong, City Hall Museum and the Crown Lands & Survey Office will be on display.

"These, together with the current maps and plans, illustrate the fascinating changes and immense development which have taken place in the history of Hong Kong," he said.

The spokesman said a section of the exhibition will be devoted to the illustration of modern cartographic techniques now being employed by the Crown Lands & Survey Office in map production.

Various maps specially designed for tourists, geologists, picnickers, navigators, etc. will be exhibited, he added.

"There will also be an introduction to a survey camera, newly acquired by our office, with photographs showing how this valuable piece of equipment is used for mapping," the spokesman said.

Some of the popular maps on display at the exhibition will be on sale at the exhibition hall.

Note to Editors: You are cordially invited to have the opening ceremony of the exhibition covered.

Copies of the pamphlet giving details about the exhibitions are distributed separately in the G.I.S. Press Boxes this evening.
